GEMS United Indian School

*A message from our Principal*

Dear Parent,

*GEMS has been delivering academic excellence for more than 50 years and is committed to leading international best practice at all times.*

*The global pandemic of COVID-19 has resulted in school closures since March 2020. Robust Remote Learning Programmes (RLPs) are in place and our teachers are using innovative tools to provide educational continuity until the anticipated reopening of schools in September 2020.*

*While parents are encouraged to establish clear routines at home for their learning, they can very well witness the learning taking place at home. We do not expect parents to be makeshift educators. We recommend parents to observe their children's learning style and guide them to improve their learning behaviour. Parents may have a conversation with the child on the character aspects such as responsibility, self-assessment, attitude to improve, growth mind-set (to fight the 'can't learn attitude'), build a sense of relevance and purpose by asking 'how can you use this learning in the real world?'*

*If you notice carefully, most of the learning tasks that students need to complete are situated in the context of learners' experiences. Our intent is to connect the learner emotionally with the learning content and relate to it as much as possible.*

*In order to bring in a sense of social interaction, we have scheduled various activities. Your ward may have already participated in intra-class, inter class competitions. Student leadership team is all set to take charge as champions in their area of responsibility. We are turning the challenging stay-home situation into an opportunity for our young innovative minds to work in virtual space.*

*COVID 19 may have caused several disruptions but we are quickly adapting to the new normal. It may be a completely new experience to the teacher and the student, but most feedback from our wonderful parents is very encouraging and motivating. Together, we can make the stay-home learning time an exciting and enriching experience!*

*Thank you for your support.*

## *A message from our Vice Principal*

Dear UIS Community

It is wonderful to reach out to you once again with snapshots of the fortnight!

The holy month of Ramadan has flown past and we're now on the last stretch of homerun towards Eid. This promises to be a very unique Eid as we remain confined to our spaces and meet and greet our dear ones digitally.

Our students continue to impress as we see them getting more creative and expressive in their performance tasks. All learners have shown resilience and great adaptability as they continue to make very good progress in their learning. Please be sure to visit the social media links shared by the Supervisor to see the wonderful work done by our students. Kudos to the students and parents for all their valued support!

Teachers on the balancing hand have demonstrated unflinching commitment and continue to work round the clock to ensure high quality learning is within every learner's reach. Well done teachers! Hats off to you!

In the following weeks, teachers will be playing additional video clips (between classes) to facilitate simple stretching exercises for their students. Please ensure you are part of these relaxation sessions. While they are aimed for the learners, parents are most welcome to partake in these short sessions.

For those who missed out on the reading links I shared in my previous newsletter message, here are the links for perusal.

Grades: 4 & UP - The Youngest: <http://tmg-worldwide.com/emagazine/apriltyme/index.html>

While there has been encouraging activity on the ACTIVEKIDS portal, we need more of you students to upload your fitness routines and get rewarded.

I encourage you read all the RLP guidelines for students and parents that are part of this newsletter and follow the same on a daily basis. Inculcation of these values as remote learners will significantly improve their overall development as young learners.

We had a very interesting set of sessions with the student leaders of the school this week. Each of the bright and zestful candidates was eloquent while presenting their skills and thought processes. The selection committee had a tough time selecting leaders from this dynamic bunch. The final list of student leaders will feature in the next edition of the newsletter. Do watch out for that feature.

Until next time, keep the flame of kindness and respect burning bright! We will be sending out requests to share your acts of kindness so please gear up to share your efforts.

Eid Mubarak to all in advance!

Shaikh Murad Sarfraz

Vice-Principal

## PARENT'S FEEDBACK

Dear Teacher,

Myself Indu, Ishan Sreekumar's mother. As parents, Ishan's father and I are very happy in the way, which the Remote Learning is carried out by GUIIS. In the beginning, we were confused about how it is going to work out for KG kids. But now everything is going very smooth and well. I would like to appreciate you Affaf Ma'am for the time and effort you take to make the concept clear for each and every kid. Your level of patience is greatly appreciated. You are making sure that each and every child is getting the chance to share their learning experiences. Ishan is enjoying all his class activities very well. I feel he has become more interactive with the teacher while studying from home. I can understand the efforts of Afaff Ma'am, Preeti Ma'am and the whole team of GUIIS for the successful running of the Remote learning and for the quality education given to the kids.

I thank you all wholeheartedly for the support and care.

Thanks and regards,

Indu (Mother of Ishan Sreekumar KG2 G)

Dear Ma'am,

It was a wonderful day for my child "Ahana" in KG 2 H, she was very excited to again join the class and was very happy today.

Thanks, everyone who made the day possible for online learning.

Best Regards,

Om Gupta (Ahana's Father KG 2 H)

Hi Mam,

Ameen's Mom here...

I would like to express my sincere gratitude as we understand how much hard it is to manage these small kids and that also now it's being Ramadan..

We have been adapted to E-learning now, though we thought in the beginning that this won't work...

Still there are some points that our children is missing as how they meet and mingle with their friends and school surroundings. But yea.. hopefully praying to get everything well soon...

Otherwise everything is Masha Allah ...

Good going Mam and appreciate all of your effort taken for our children....Even the Mother's day program was coordinated so well and every mother could feel that vibe of mother within us and the love of our children. Thank you very much for that...

Regards,

Ahsana Hessa (Mother of Ameen KG2 P)
